

**Cambridgeshire**

Local Involvement Network  
in association with

## **DODDINGTON PATIENT PARTICIPATION GROUP**

Cambridgeshire LINK has been set up to help make sure people in Cambridgeshire get the health and social care they need, and wants to hear of your experiences, also your ideas for improvements or changes, whether they are big or small.

Cambridgeshire LINK is made up of local people and groups who work together to improve local health and social care services, to find out about what people like and dislike about local services, and to work with people who plan and run them to help make them better.

A representative of LINK will attend the next committee meeting of the Doddington PPG to talk about their work and to see how they can work with us and help us to achieve the things we need for our area.

**Come along to our next committee meeting of the  
DODDINGTON PATIENT PARTICIPATION GROUP**

**to be held in the Doddington Surgery waiting area on  
Thursday 3 September. 6.30 pm – 8.00 pm**

**Registered Patients of the Practice are automatically members of  
the PPG and are welcome to attend the committee meetings.**

**Doddington PPG – working for the benefit of patients in  
Doddington, Wimblington, Benwick, and Stonea.**
